LIZ

When you daydream of Capri, your thoughts should take you to the glamorous Golden Sixties, where jet set ladies like Jackie O. and Grace Kelly charmed the streets and influenced fashion. These style icons and their love for jewelry just like mine were my inspiration for the 'LIZ'. This style is a modern interpretation of the glamorous accessories and jewels stars wore in that fantastic time.

Available in 24kt yellow, rose and white gold-plated sterling silver chains, with a variety of about 10 beautiful gemstones.
